Preface

To Him who changes times and seasons, we strongly believe that this is the acceptable year of the Lord to liberate.

I thank the Almighty God to have helped me in the journey of glory to glory and the excellence of our ministry.

The information was prepared to answer God's will and His interest of everyone to live in a happy and prosperous life.

Managing progress

The idea to manage progressive life is to accept and work towards the progress of different aspects of things in life. This could be finances, relationships, progress of our faith or others. God's idea to manage our progressive life is to make us excel in all areas making us great again in the Journey of attaining full life.

Our interest lies in the progress of our finances, faith and leadership. Finances is a key factor in answering all those requirements, needs or things needed to build the exact Life God wants us to have. When Abraham believed in God, he became a figure where God blessed him with all he needed in life. He was blessed with herds of cattle, silver and gold to make his Journey successful and his name great. He accepted the life of walking with God, had faith in God and he became the source of our blessings. God wants us to have His spirit and finances which is a condition of His favor and righteousness.

We are to move by faith in answering those things we need in life through managing financial opportunities, chances of time, and our faith. That we may be blessed spiritually and financially throughout the stages of development. Managing progress in finances is also to accept God's ways, His blessings to us through working or earning sufficiently. When we receive His blessings or earn sufficiently, He expects us to believe in managing what we have in a way that will protect our faith in managing progress in life. Managing finances includes following the knowledge of planning and preparing ourselves for all kinds of seasons. God is expecting us to maintain oil or keep our faith even in unfavorable seasons by planting seeds of faith, prayers or reserving oil. To make our

faith able to complete the Journey of faith. 33 Now therefore let Pharaoh look out a man discreet and wise, and set him over the land of Egypt.

34 let Pharaoh do this, and let him appoint officers over the land, and take up the fifth part of the land of Egypt in the seven plenteous years.

35 And let them gather all the food of those good years that come, and lay up corn under the hand of Pharaoh, and let them keep food in cities.

36 And that food shall be for a store to the land against the seven years of famine, which shall be in the land of Egypt that the land perishes not through the famine.

Seven years of famine was to affect the land in the period when Pharaoh was the King. But God stood yet with Joseph to provide more of His knowledge and grace to the land that it may not perish through the famine. This brings us to the knowledge of managing our finances with an idea of reserving oil, putting oil aside or finances. To answer conditions or situations that seem to be unfavorable in our lives. The life of managing finances to manage progress, is also to accept a Godly life, principles of success as according to the scriptures.

And obedience to His principles whenever God blesses or increase our finances. The aspect of good life indicates that human development develops with respect to proper time utility. Our governments and communities always design systems, structures, formats, steps and procedures to facilitate and help everyone to access rights, benefits and opportunities within communities. It is common that the laid down foundations of our formal leaders and experts has been successful in helping the general trend of development. Some members have been unable to cope up with the standards of the Journey to make it possible

to develop. Sometimes people's slowness in developing comes by poor management of time, resources, and chances, by individuals, families, groups or communities.

God is calling us to close down the gap created by mis-management caused by poor managers through starting again the foundations of developing. Starting again is Godly and a product of proper faith utility, keeping our progress and steadiness in finances or faith. There are many things we can start again by planning to rise again to our original positions of finances or faith. We need to trust and believe that God can answer our prayers whenever there is downfall in finances or faith. No matter how many times you have realized a setback in your finances, still God can help you to increase greatly with the little you have. Observe the little, pray about the little and use the little for your breakthrough. This is because our rising again is expected to be accompanied by His power and anointing to excel in those areas making us great again.

Developing the idea of planning to start again will encourage the formation of the following:

- i. Preparing to maintain spiritual level to control financial levels.
- ii. Focusing to join and attend to issues encouraging ideas of the growth and development of economic life.
- iii. Handling and managing financial downfalls.
- iv. Implementing goals of your vision for the realities of your dreams.

Besides preparing and planning, we also need to accept the work of the Holy Spirit and His involvement during our planning. The work of the

Holy Spirit and His role in managing our progress includes financial developments and faith maintenance.

The presence of the Holy Spirit brings:

- i. Wealth.
- ii. Self-confidence over right issues.
- iii. Quick deliverances in finances.
- iv. Consistence in acquiring faith and knowledge of the word of God.

Managing progress in life includes correcting errors of poor management by starting again using chances and opportunities available for our rising again. The presence of God's anointing enables us to acquire a steady speed in using and maintaining available opportunities to manage such chances regardless of errors occurred. In many cases God's influence and His favor can do a lot to our success and victory since we can do little or no work outside God's favor and His influence upon our lives.

God has commanded a continuous blessing, He promised to make us successful and great. Blessing us in all those things we do. And it shall come to pass, if you shall hearken diligently to the voice of the lord your God, to observe and to do all His commandments which I Command you this day, that the Lord your God will set you on high above all nations of the earth: 2 And all these blessings shall come on you, and over take you if you shall hearken to the voice of the Lord your God. 3 Blessed shall you be in the city, and blessed shall you be in the field.

4 Blessed shall be the fruit of your body, and the fruit of your ground, and the fruit of your cattle, the increase of your kine, and the flocks of your sheep.

5 Blessed shall be your basket and your store.

6 Blessed shall you be when you come in, and blessed shall you be when you go out. 8 The Lord shall command the blessing upon you in your store houses, and in all that you set your hand to; and He shall bless you in the land which the Lord your God gives you.

9 The Lord shall establish you an holy people to Himself, as He has sworn to you, if you shall keep the commandments of the Lord your God, and walk in His ways.

Progressive faith

When we realize God's grace in our lives, then we are able to continue in the same grace by planting seeds of faith for continuous faith. God has called us to continue in the same grace by closing down the gaps of lack in spirit, finances or in any situation that needs recovery. Progress in faith is to continue to bless more of such areas God has blessed or favored that our progress in faith may be real and useful.

It is true that God will continue to drop samples of faith for our continuations, this could be God empowering us in prayers, giving and tithing, supporting ministries or others. When we continue in the given grace He will deal with our break throughs and deliverances. Cornelius faith in giving brought him a miracle of salvation because he continued in the same faith of giving. It is through what God has deposited or given us and our continuation in the same grace that we are able to receive more of His blessings, promises and peace.

Our faith is expected to grow by generating obedience to the word of God and leadership. The position or the level of our faith will always affect other parts of life which are responsible to make life complete. God

does not want us to lag behind in maintaining conditions giving our faith levels to rule other parts of life for our progress in faith. He is willing to increase our faith, hope if we attend to situations encouraging the increment and possession of such things needed to build the body of Christ and our spiritual lives.

God continues to signal to our faith to arise and excel from all sides of life. The spiritual life, the financial life, faith needed from material things and our physical lives.

When we develop from all sides of life our faith will progressively increase, mature and confirm to the purpose of life. This is the most important faith needed to explain real life demanded or required by God. Material things are also part of our faith in the journey to make faith complete. It is important at this stage to know that faith ranges from spiritual influence or power to other parts of life including material things. Our task to manage progressive faith includes all parts of faith to have the exact purpose of God using humanity to reflect His complete image. Since humanity and all what belongs to him were designed or formed to complete the journey of faith. To this, we need to manage our faith with ideas to meet our needs making life and faith complete.

Progressive work

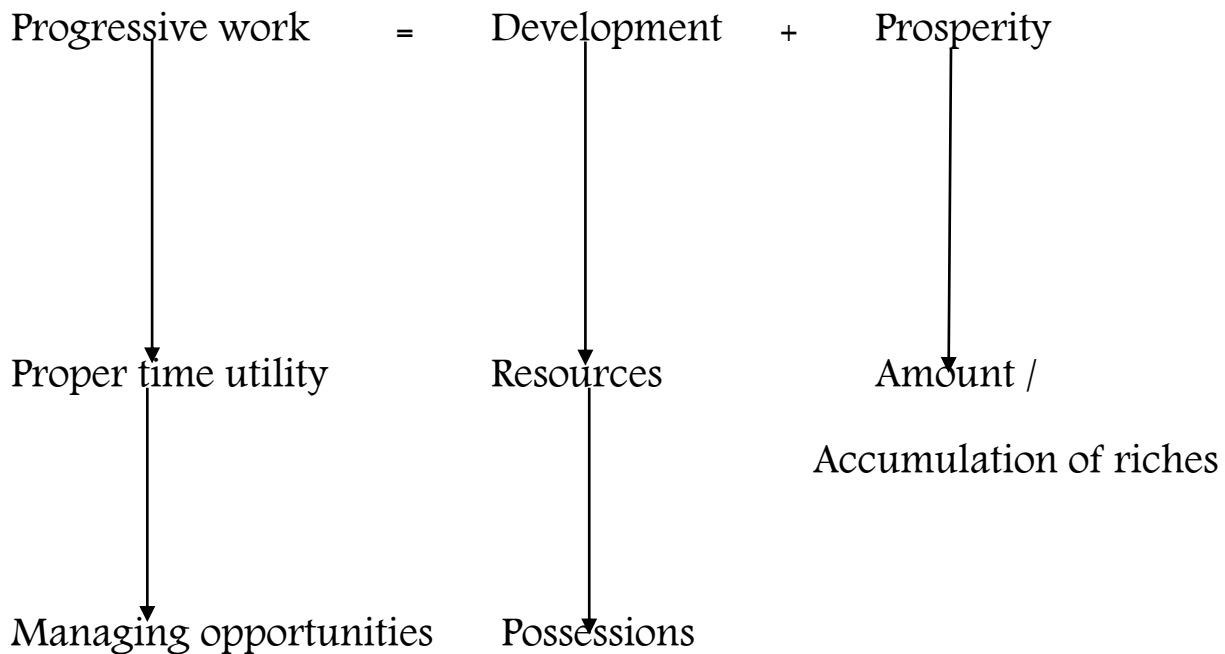

What is progressive work?

This can also be seen as achievements one keeps on acquiring throughout the stages of life. Progressive work comes by maintaining levels achieved in the process of time. Maintaining levels achieved is also received by locating resources in areas able to produce results showing additions and increments from our inputs. By grace we are able to

receive all what we want in life. Through managing what God has given us making our faith to recover from downfalls.

Once again in the same grace there are more possibilities of maintaining our levels of possessions if we invest more of our time and faith in God's will and His principles of success. Through obedience and faithfulness whenever He blesses us. The condition of progressive work still develop from our faithfulness and the way we manage grace given with activities of the Holy Spirit who commands our success. Progressive work starts with maintaining our faith through planting more seeds of faith. To generate enough resources to start our development. When we develop in faith and finances there is enough installation of grace for our prosperity.

Developing stages of progressive work

When we maintain our faith in the things we do regardless of insufficiency, lack or poverty God is willing to bless our righteousness and all those things we do in life. Making us to move from lack as according to His blessings to levels showing a difference in possession, acquisition of faith, His Spirit and more of His blessings. It is well known that increase in faith comes by possessing faith of any level. If we take a step of faith in any activity with the purpose to start the foundations of our finances and faith. Whether prayer, business, ministry or anything we have set foundations to generate or propel our success making our faith able to develop and prosper.

In a small town in west lands there lived a man of great faith who was courageous and self-driven. Mr. Collin was a rich man, young and generous. He had acquired wealth from his childhood, at the age of 28 years had received enough wealth from his hardwork and his grandfather who was a farmer. In the same area Collin was managing farming, a petrol station, Hotels and other businesses. As Collin grew up he became famous and generous to the people of his area.

Severally believed in extending a hand of help to the needy, homeless and those with no hope.

Mr. Collin was a man of four kids, a wife devoted to his faith, successful by his personal experience and his way of making riches.

As it was his ways of getting loans and credits from bank, Mr. Collin believed that he will maintain his wealth. He accepted to depend on the same method of credits intending to increase his size of business and realization of more profits as according to his dream.

This did not give positive indicators as time went on.

Mr. Collin began to realize a setback in his business because he did not maintain prompt payment to his creditors.

He did not believe this, probably believed that things will work the way he believed.

After seasons had passed Mr. Collin had lost ninety percent of his wealth. Many questions were rooming in his life, it was also a season of his silence in his life and settled mind to find a way forward. He accepted the going, and resorted to his petrol station as one of few properties which had remained.

There was total devotion and effectiveness in services offered at the petrol station. He revised, adopted personal finical disciplines and management. He accepted that God will answer his prayers out the little he had in that season. He became faithful and hopeful to what God wanted. It was dark and stormy night when Mr. Collin had a vision about his recovery in finances. God had confirmed in the vision that he will recover. He had talked to him not to fear or lose hope but to continue in the same spirit of generosity and giving. Mr. Collin became courteous and dutiful in his struggle. He observed the little he had, believed in the little and prayed for the little. He was able to maintain his steadiness and recovered from his downfall.

Accept the following principles for your steadiness and progressive life:

- i. Right interpretation of opportunities or chances as they appear from time to time.
- ii. Never deny to extend a hand of help to the needy and homeless.
- iii. Believe in the little you have, propel it, pray about it.

- iv. Use the little you have timely and effectively for your increment and multiplication.

God's call as a purpose

Our progress in faith and finances is also general, we have seen people whose lives have changed because of other members who carry the shadow of His presence. Since the journey to attain steady faith and finances can be empowered by other members who are in power, this draws our attention to accept God's callings and favor to the chosen ones. With the purpose to assist everyone in the journey to have progressive life. Purposed called people are focused to goals and visions of their callings. There is a clear maintenance of the spirit and continuous confidence to allow the move of God's power, His presence since purposed called people are called to close the gap of insufficiency in all situations.

In our Christian lives and assemblies there is continuous consumption of deposited faith which is in places. To the fact that in places we share faith, spiritual materials or His anointing, our faith fullness to God must be held and protected by unity. In the journey to attain full life, there are members who have little faith, they have been unable to find situations successful now need assistance to be propelled to their victory. This makes God to have figures in the journey to provoke our delays in receiving grace. The purpose of showing life under God's call is to give a clear picture of God's knowledge and His successful work showing and explaining functional responsibilities of the appointed ones.

God's call leads to:

- i. Working together with the purpose of creating general revival.
- ii. It controls wastage of faith among believers.
- iii. Manages the improvement of the other departments and offices of the same ministry.

Our success to most of us is driven by the presence of His power to make us cope up with the standards required by the Spirit. We need to accept God's work and the appointed ones with the truth of understanding the secret of unity. To bring everyone to the light of His word.

Dreamers

A dream may be anything you desire or things you expect in life to be part of the future you hope for. Dream possessors will take whatever it cost to confront areas or things which are likely to produce answers for theirs dreams, making efforts of laying down strategies to plan, improve to realize the results of their dreams.

How do we know that we have dreams or we are dream possessors?

Real dreams which are in line with God's will starts with God Himself installing a desire or information in life to move in direction of possessing as according to your dreams.

To know that we possess dreams is to review the series of prayers of our hearts and minds since at times prayers are series of requests we expect God to answer in life. When we expect from God we have desires to see our expectations happening in our lives.

Being a dream possessor in life with enough faith to attend to issues producing results for your dreams. Will increase chances of receiving knowledge to become more ambitious, resourceful and confident about

things we expect in life. When our desires to benefit from our expectations increases, the development of the ideas propelling us in a way to become faithful and obedient to God driving more faith to have our dreams increases. Becoming more faithful to our concerns or what we are supposed to do in the development of our dreams or visions, God will drop more grace in the process of possessing our dreams. This will enable us to be practical, experienced and take decisions that will protect the interests of our visions or dreams.

Starting points to make your dream real:

- i. Find out whether your dream or vision is in line with God's will.
- ii. Get to know the cost of the price for the reality of your dream.
- iii. Become violent about what you need for your success and break through.
- iv. Avoid waiting for things to happen.
- v. Get enough time with God to ask Him assistance for the completion of the work ahead of you in receiving your dream.

Our God is the beginning and the finisher of our dreams or what we expect in life. Whenever you have a dream endeavor to do those things which are in line with your dream. Faith and knowledge of what you need in life should:

- i. Stand to confront the continuous improvement of the stages of the growth of your expectations.
- ii. Learn how to know how to spend, locate funds and time most especially in areas where your dream is.
- iii. You need to have a clear vision or plan about what you need, the steps you need to take, the size of your dream so that you

may be able to set time, funds to facilitate your vision or dream.

Developing Life

Life must acquire series of reputations in obtaining experience and the knowledge of the word of God. To install enough faith that will explain all about respecting ideas, principles making us great in all what we do. Still to say, life must excel just like the way we keep on attending to ideas bringing light to direct our faith to receive power in doing things the way God wants them to be. Life excellence and it's development starts with ideas which keep on developing in our minds depending mostly on challenges and needs of life. Sometimes, we receive advantageous conditions to manage ideas of different nature depending on environments and their environmental yieldings.

Live development continues to depend on communication, opportunities of resources and how much we can interpret our environments to make life real and meaningful. The result of this makes us to manage what we have with purpose to increase our knowledge to all such things God has put before us. Likewise continuous prayers about opportunities of different things this could be time, places, finances or others. Provokes our minds to prepare ourselves to turn obedient and quick in using them for our next levels.

This brings us to the knowledge of managing our programs and duties to protect our results we expect from good work. Include relevancy of leadership skills and knowledge. Helping even others to understand the purpose as to why God is calling us to be leaders. Leadership life has an

element of seeing life from where it starts, where it is, and where it ends in form of vision.

Qualities of a good leader

- i. He is visionary and innovative.
- ii. He considers unity than separations.
- iii. He does not condemn situations but always eager to find solutions for such situations.
- iv. He recognizes, values the importance of each member in existence.
- v. He is lawful and trustworthy.

Progress in life in the same way continues to depend on God's blessings, promises made by God and peace as a condition of our increment in Spirit and finances.

Blessings

To bless includes God's interests to protect blessings commanded and His grace to over shadow the one with a blessing. This makes it possible for life to progress under His spirit and favor throughout the stages of life. In the Jewish and Christian traditions a blessing is a rich and many – sided concept. God first blesses us by providing for us, creating the world and its resources for our rise and intervening in its history in our favor. In return, we bless God with praise for what He is and thanks for what He has done. When a blessing is commanded to someone for whom we wish to thank Him for His love, we say that the person has been favored and blessed. The purpose of God blessing us is to praise Him for His existence and love, to implore Him to do it again now and in the future.

Promises

The Lord, the most High, is our dwelling. He who dwells in the shelter of the most High and abides in the shade of the Almighty says to the Lord:

“My refuge, my stronghold, my God in who I trust”!

It is He who will free you from the snare of the fowler; He will conceal you with His opinions and under His wings you will find refuge. Upon you no evil shall fall, no plague approach where you dwell. For you has He commanded His angles, to keep you in all your ways.

Let us listen to the Lord as He speaks to us:

I have made a covenant with my chosen, given my servant my word.

I have made your name to last forever, built to outlast all time.

I have revealed my chosen servant, and he can rely on me.

Giving him my love to last forever, He shall arise in my name.

He will call me, “my father, my God!” God the Almighty promises us protection and favor in all our ways that we may live and consume good life, life full of faith and hope.

Peace

Almighty and eternal God, may your grace enkindle in all of us a love for the many unfortunate people whom poverty and misery reduce to a condition of life unworthy of human beings.

Arouse in the hearts of those who call you father a hunger and thirst for justice and peace, and for fraternal charity in deeds and truth.

Grant, O Lord, peace in our days, peace to souls, peace to families, peace to our country, and peace among nations.

Give peace, O lord, in our days; for there is no other to fight for us, but only you, our God. May peace be our through your protection, O Lord. O God, from whom are holy desires, right counsels and just deeds, give to your servants that peace which the world cannot give; that we may serve you with our whole hearts, and live quiet lives under your protection. God our father, you reveal that those who work for peace will be called your sons. Help us to work without ceasing for that justice which brings true and lasting peace. The Lord's peace as foundation and condition of our progress in life brings abundance in our lives, making us rejoice together with Him in freedom and prosperity.

The Author of this first edition is an interpreter, an observer, purpose driven as well as a businessman.

Mr. Semyalo David is an interpreter of issues and challenges in these last days.

The introductory phase to faith arena, explains the three great parts of faith.

The truth in science and technology.

The truth in reproduction.

The truth in ground opportunities.
